

December 2025

THE BIG ISLAND HAMGRAM

The newsletter of the Big Island Amateur Radio Club

Live at 127 Kamana Street on November 9 Elections, more biz, watching Kilauea

Three new board members were unanimously elected at November's second semi-annual membership business meeting in Hilo.

For continuity, the BIARC Executive Board has staggered terms. Taking their seats in January will be Bernie Walp, WB6PIO; Fred Fischer, WH6HAA; and James Tatar, WH6EMN.

Continuing are Shawn Farley, WH6GXZ; and Thomas Avila, KH6GG. (Joseph Rosenbaum, WH6JOE, SK, leaves a vacancy.)

A seventh, appointed, member rounds out the board: KH6EJ station trustee William Polhemus, NH6ET.

William, BIARC Presi-

dent Thomas Avila and committee chairs reported on the year's activities.

With 68 full paid-up members, the treasury "on-budget," and assorted goals either met or still actively pursued, "The State of the Club" was deemed "good." One final act of business involved changing the name of "committee" to "working group" to more aptly describe the boots-on-the-ground role of BIARC committees.

That vote, to launch the process to change the name in the constitution and bylaws, was moved by Les Hittner, K0BAD, and seconded by Hank Kaul, KH6HAK. It passed by a margin of 15-2.

Les will shepherd the change according to club procedures, with a final vote to be taken at the next semi-annual membership meeting in May.

QST In Memory ~ Joseph Rosenbaum ~ WH6JOE

Joe is now a Silent Key; far too soon. It was sad Veterans Day news. The end of the journey for Joe and a big loss for all.

He was a very active Club Secretary and member of our Education and Outreach Committee as a prime operator at school events throughout Puna. He served at the Hilo Veterans Day

Parade most recently and worked tirelessly with communities and schools representing BIARC.

Less than a week before passing, Joe was in full action at a Prep Fair event

Sign up now for annual BIARC Holiday Party Sunday, Dec. 14

All are invited to the annual BIARC Holiday Party. This year's event will be from 12:30 to 5 p.m., on Sunday, Dec. 14, with set-up starting at noon.

The festivities will be held in our regular meeting room at the Kamana Senior Center at 127 Kamana St. in Hilo.

As usual, the event is potluck, with signup in advance to help with the planning. Please let coordinators know by early December how many persons will be coming and what famous dishes you will be preparing.

To sign up, please visit:
<https://signup.com/go/VKroubH>

A tribute to WH6JOE, SK

From previous page

in Fern Forest. Everyone knows about his long service to the club; an energetic ambassador for BIARC and a great ham radio advocate.

His "Bronx" accent and enthusiasm enabled him to engage with students naturally. Joe had a larger-than-life presence. These pictures capture that quality. Joe's infectious enthusiasm and drive were behind our Club events. He was a "high frequency" man as evidenced by his reliable presence on our radio nets. Without Joe, our engagement with the ham radio community and the community at large will be challenged. We have big shoes to fill. Joe was a constant presence in BIARC affairs and will be missed by all. We send him off with his unrealized plans and our fond memories of him.

David Miller
BIARC VP and E&OC Chair
KH6CZ

Pictures of Joe and friends during elementary school outreach events this year. He was a great ambassador for BIARC and we will miss him.

— David Miller, KH6CZ, chairman of the BIARC Education and Outreach Committee

Doug Wilson, KH7DQ, Joe, and David Miller, KH6CZ at the last Ohia Lehua marathon, taking down the comms station after the big event.

BIARC volunteers help organize Hilo Veterans Day Parade

Jim Tatar, WH6EMN, recruited a crew of volunteers to help coordinate the start of the recent Hilo Veterans Day Parade. It can be rather chaotic, trying to get everyone involved, and all of their respective units, into a cohesive lineup before the big procession winds its way through downtown Hilo.

"Six hams and 3 family members assisted in getting participants lined up in the correct position at the staging area and helped Kirk's group to get them started in a timely manner for the first time this year," said Jim. "We had 6 licensed ham operators and 3 GMRS operators. The hams are Dave KH6CZ, Thomas KH6GG, Joe WH6JOE, Mark WH6HEO, Chris AH6GG and myself WH6EMN. And we had Shu-Chen, Zi-Ting and Landon on GMRS radios."

"Kirk has been the staging area coordinator at the staging area for a number of years. We are assisting

Photo courtesy WH6EMN

them and their crew in getting groups in the right location and helping to get them moving in a timely manner. We hope more operators will be able to help next year to provide coverage along the parade route, and one operator to be net control to improve communications between our group and Kirk's volunteers at the staging area," said Jim. "And we thank everyone for their kokua."

Rick Gardner, WH6LU, is Hawaii's winner in the Sprint QSO Party of Ten-Ten International.

CLASSIFIED ADS

Palstar AT-Auto 160

If any local ham is interested in a Palstar AT-Auto 160 - 10 meter automatic tuner, mint condition,

I have one listed on QTH and eHam.net. However, if it is local, I'll knock off \$200 since don't need to ship. New, it is about \$1200 and I'd like \$750 for local ham.

Only used a very few times ... was going to put up long-wire but never did. Now, because of HOA, cannot. Time to slowly send equipment to a good home, hi hi.

73 es Aloha,

Bill
AH6FC
Kamuela

In Brief...

The Hunt Valley, Maryland, **Amateur Radio Club of the National Electronics Museum** will commemorate 2025 Pearl Harbor Day and the role of electronics in World War 2 December 1 - 11 1300Z - 2200Z. Primary operation will be December 1 - 7 with additional operation possible December 8 - 11 as operator availability permits. Special event station W2W will operate on 14.241, 14.041, 7.241, and 7.041 MHz. Operation on 80 meters, 3.541 and 3.841 MHz, and digital modes is possible during the event. Certificate available via a SASE.

Some reports delayed

Due to certain unexpected circumstances, some of the club info usually updated in each month's Hamgram might not appear until next month's newsletter. Stay tuned.

BIARC Public Service Committee Report

(Interim report until a new chair can be appointed)

On November 8 members of BIARC and their family assisted the staging crew in getting participants lined up properly for the Hilo Veterans Day Parade. With the additional help, the parade went smoother than the previous year and our help was appreciated by the organizers. Our help has also been requested for next year.

We don't have any current requests for help but there may be some to assist with marathons here on the windward side, so please stay tuned.

Jim Tatar, WH6EMN

Get ready for Santa Net 2025! For the 16th consecutive year, The 3916 Nets will be presenting The Santa Net on 3.916 MHz. Girls and boys can talk to Santa Claus, via amateur radio, nightly at 7:00 PM Central starting Friday, November 28, the day after Thanksgiving, through Christmas Eve, December 24. "We enjoy helping young people and their families have a shared Christmas experience that they'll always remember," said Pete Thomson, KE5GGY. "Christmastime is a very special time for our nets every year ... And we're thrilled to introduce young people to the excitement of amateur radio." Youngsters can talk to "Santa at the North Pole" via strategically-placed operators who relay the voice of Santa. Thomson said that The Santa Net is a team effort that involves a number of 3916 Net members. "In our first year, we connected 10 kids to Santa on ham radio and it's grown steadily since. This year, we're expecting over 1,000 children to participate." Prior to each night's Santa Net, pre-net check-ins can be made at www.cqsanta.com. Third party rules and regulations apply. The Santa Nets are presented annually by The 3916 Nets, which include The Rag Chew Crew, The Tailgaters, and The Freewheelers. For more information on The 3916 Nets, go to www.3916nets.com. For more information on The Santa Net, email KE5GGY at Gmail dot com.

Two very special December events

The [Battleship Iowa Amateur Radio Association \(BIARA\)](http://biara.org) and the Iowa's Innovation, Engineering and Technology Team (IET) will activate the ship's original NEPM Navy call sign on December 6 - 7, 2025. In addition, operators on the Battleship Alabama will activate their ship's original NEMW call sign on the same days. The activations will be in memory of the attack on Pearl Harbor on December 7, 1941, and all the radio amateurs and aficionados who answered the call, taking their skills into military and civilian war efforts. The Federal Communications Commission has issued a waiver to Section 97.111(a) to allow appropriately-licensed amateur radio operators to work NEPM and NEMW for this limited event. Amateurs are reminded that they may not transmit on the military frequencies issued to NEPM or NEMW. Amateur radio operators must operate within the privileges of their licenses. Licensees of other countries not under FCC jurisdiction are advised to refer to the regulations imposed by their licensing agencies before calling NEPM or NEMW. For more information, frequencies, and the NEPM/NEMW QSL card, please follow the detailed instructions found at biara.org.

A poster for the Hawaii County & Big Island Monthly Siren Net. The top half features a green background with a siren light and the text "HAWAII COUNTY & Big Island Monthly Siren Net" in large, bold letters, with "1st WORKING DAY OF THE MONTH" in smaller text below. The bottom half shows a vibrant tropical scene with a Bird of Paradise flower, pink anthurums, and purple orchids.

'Hurricane Season' officially is pau

But that doesn't mean we still can't see one, it's just that the odds are lower

Skywarn HAM and interested parties:

The Hurricane Season is over for the Central Pacific.

However, hurricanes can occur anytime, just not as likely now.

We ask you to keep yourself current on your training.

If you have not visited the video and refreshed yourself and your standing with the NWS Skywarn program, please do so at your convenience.

Kevin, AH6QO
